Informational

The committee heard about updates regarding budgets and what is being heard from Lansing. There is precious little detailed information right now. Just a good deal of expectations. It is unknown when schools will have exact details. Committee members discussed various approaches to passing a budget for the 2021-2022 school year. The overall feeling was one of wanting hard numbers from the state before decisions are made regarding personnel, programs, and other

expenditures. It is understood that the board is in the same spot as all other districts in the state and will pass a budget that will need later amendment as information is learned. The committee discussed whether or not to pass a flat budget or a deficit budget and the feeling was that passing a deficit budget that was closer to expected reality might help the community better understand the plight schools across the state are in.

There being no further business before the Board, Trustee, Wendy Mattia adjourned the meeting at 2:56 PM
